Casa de Campo, La Romana

Description

You wake up to the sound of waves hitting your private beach. Step outside and you're greeted by an infinity pool that seems to spill right into the Caribbean. This is Villa Bali, and it's probably the most dramatic oceanfront property in Casa de Campo.

The Balinese architecture here isn't just for show. Two levels of living space open up to the ocean through massive windows and terraces. Inside, you'll find sculptures, custom furniture, and the kind of details that make you stop and look twice. The eight bedrooms each have their own personality. Five come with king beds, three have double beds for families or groups traveling together.

What sets this place apart is the private dock. Your boat pulls right up to the villa. The beach is yours alone. And when you're not in the water, there's a tropical garden with gazebos, lounge areas, and enough space that sixteen guests never feel crowded.

Your stay includes a full staff: butler, housekeeper, cook, and maid. ...
