Description

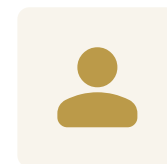

Perched on Capri's dramatic coastline, Villa Cristina offers panoramic ocean views that stretch to Mount Vesuvius. This five-bedroom estate sleeps 14 guests across thoughtfully designed spaces.

Wake up to Mediterranean blues through floor-to-ceiling windows. Take morning coffee on the terrace overlooking the Gulf of Naples. Cool off in the infinity pool that seems to spill into the sea below.

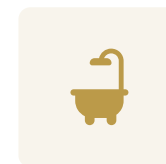

Each bedroom tells its own story through distinct color palettes: from serene whites to vibrant corals. Traditional Capri tiles meet modern comfort in six bathrooms. The living spaces blend antique furniture with contemporary amenities.

Beyond the basics, you'll find unexpected luxuries. A library houses over 1,000 books. A private sauna sits ready for sunset sessions. The outdoor jacuzzi offers star-gazing opportunities. A dedicated massage room awaits your spa treatments.
