## Description

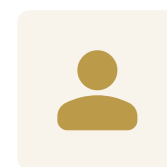

Perched above Capri's bustling center, this contemporary hideaway offers what matters most: peace and spectacular views. Three bedrooms, three bathrooms, and endless blue horizons.

The terrace becomes your living room here. Morning coffee tastes different when you're gazing at the Gulf of Naples. The hot tub sits perfectly positioned, soak while watching boats trace paths across the water below.

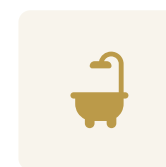

Inside, clean lines and thoughtful design create calm. Floor-to-ceiling windows blur the boundary between indoors and out. Each bedroom opens to that same mesmerizing view. The kitchen handles anything from quick breakfasts to elaborate dinners.

But you'll spend most time outside. The garden terrace hosts long lunches under ancient olive trees. The pool offers relief from Capri's summer heat. An outdoor shower hidden among Mediterranean plants adds an unexpected touch.

This isn't about marble and gold fixtures. It's about waking to birdsong
