Description

Villa Regina – Relais de Charme in Seiano, Vico Equense Nestled in the heart of Seiano, a charming hamlet of Vico Equense, Villa Regina is a distinguished 19th-century noble residence thoughtfully transformed into an elegant Relais de Charme. Once the summer retreat of a prominent Neapolitan family, the estate now welcomes guests into an atmosphere of refined sophistication, where historic architecture harmoniously blends with contemporary comfort. Surrounded by Mediterranean gardens and centuries-old trees, the villa enjoys a commanding position overlooking the Gulf of Naples, with sweeping views of the iconic Mount Vesuvius. Its privileged hilltop setting offers both serenity and convenient access to the most celebrated destinations of the Sorrentine Peninsula. A Historic Residence of Timeless Elegance Carefully restored to preserve its original character, the villa retains its architectural heritage while incorporating modern amenities. Fine fabrics...
