## Description

Over the years, its privileged setting, tranquil gardens, and extraordinary natural light have attracted artists, writers, and creative minds from Italy and beyond. It is said that painters, poets, and intellectuals found inspiration here, captivated by the colors of the Mediterranean, the breathtaking sunsets over the Bay of Naples, and the timeless atmosphere that surrounds the estate.

For decades, the owners chose to keep Villa Sole exclusively for private family use, declining every proposal to rent it. The villa represented not only an exceptional property, but also a cherished legacy of memories, traditions, and moments shared across generations.

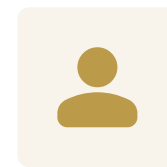

Only recently, thanks to a relationship built on trust and a vision for discreet, highly curated hospitality, the owners agreed to open the doors of their beloved home to a very limited number of guests. This rare decision now offers a select few travelers the opportunity to experience an authentic and private side of Capri, while preserving the character and spirit of the estate.

Villa Sole combines Mediterranean elegance with modern comfort. The property features five double bedrooms and one room with two French beds, six bathrooms, spacious indoor and outdoor living areas, a fully equipped main kitchen, and a second outdoor kitchen designed for unforgettable al fresco dining experiences.

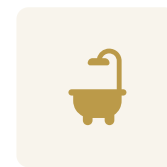

Expansive panoramic terraces, a private swimming pool, a gym, and several relaxation areas allow guests to fully embrace the beauty of the island. One of the villa's most distinctive features is its private cable car, functioning as an elevator between different levels of the estate and capable of connecting Villa Sole with Villa Mare, creating a truly unique property experience.

A dedicated professional team including housekeepers, a gardener, a handyman, and a villa manager—ensures seamless daily operations, while a personalized concierge service is available to arrange private yacht charters, luxury transfers, restaurant reservations, and bespoke island experiences.

**Today, as in the past, Villa A Sole remains a rare and exceptional retreat: a private family residence that, for the first time in its history, welcomes a carefully selected circle of guests seeking the most authentic and exclusive side of Capri.**
